Earth Anchors in 7 sizes

Freeland Earth Anchors

An easy practical way to secure fences, trees, clothes lines, tents, TV antennas, boats, wire vine trellises, swings, light airplanes, play equipment and more.

Earth Anchors can be easily screwed into the ground. The auger is very sharp so that it will turn easily into or out of the ground. Screw it in so that it is in the ground in line with the line of pull. Guy rope, wire or cable is easily attached to the anchor eye.

Model #	Length	Shaft	Auger	Thickness	Wt. Lbs.
#S3	18"	1/2"	3 1/8"	1/8"	1.5
#3	27"	1/2"	3 1/8"	1/8"	2
