WATERERS FOR HOGS, SHEEP, POULTRY, ETC.

Model # 224-1FF/1

Model # FP 100HW

### Round End Steel Stock Tank

- Side drinking area installed at factory in any size Round End Stock Tanks
- Adds a dual-purpose to a regular tank
- Opening is 12" wide x 13" high, set 5" up from the ground; which gives ample head room for the largest hogs yet even the smallest pigs can reach
- Inlet is set 2" from bottom of tank allowing the maximum amount of water to be utilized. (This is important when you are medicating your stock.)
- Heaters may be used to keep the water from freezing
- Patented Hog drink (only one of it's kind)
- Molded One Piece Construction
- Trouble-Free Dupont Delrin Valve fitted with a strainer to prevent clogging keeps the water at the correct level (The valve mechanism is fully protected from animals by a steel float guard)

### Poly-Tuf Tank

- The "FREE-FLO" hog waterer built of "POLY-TUF" plastic will withstand the rough usage of all size hogs, as well as the corrosive action of the barnyard liquids
- Free-Flo Waterer available in 100 gallon
