PIPE TOP CORRUGATED GALVANIZED STOCK TANKS

- 1" steel tube in top for long lasting strength and a smooth crush proof rim.
- Double-locked bottom seam includes four thicknesses of Galvanized Steel
- Heavy galvanized prime 20 ga. steel throughout sidewall and bottom construction
- Freeland pipe top tanks have the only welded side seam of its kind
- All tanks come with 3/4 drain flange installed and have 3/4" NPT and are guaranteed not to loosen under normal use
- All Freeland round end stock tanks may be ordered with Hog Waterers to get double duty from stock tank (see page 8)
